

AI Logic Neural Network

2027 Batch – Internship Opportunities

- Open only for **AIML** students.
- **5-month internship** with a stipend of **₹20,000 per month** (Remote).
- Based on performance during the internship, candidates may be offered a **Full-Time Employment (FTE)** opportunity with the **work location in Hyderabad.**

Note:

- **Candidates offered full-time employment will be required to sign a 2-year employment agreement (bond).**
- Final-year students with a minimum CGPA of **9.0** who are interested in gaining industry experience through an internship.
- Selected students will undergo a **5-month internship**, where they will work on live AI and Machine Learning projects under the guidance of our experienced engineering team.
- Based on their performance during the internship and the successful completion of their degree, they may be considered for full-time employment opportunities with AI Logic.

Full-time **CTC ranging from ₹5 LPA to ₹10 LPA**, based on their performance during the internship and the interview evaluation.

Selection Process

The selection process for both the full-time and internship opportunities will consist of the following stages:

1. **Online Python Coding Assessment**
2. **Technical Interview – Round 1 (Virtual)** with our Data Science team for candidates who successfully clear the coding assessment.
3. **Technical Interview – Round 2 (Virtual)** with our Data Science team for candidates shortlisted in the first interview round.

Python Intern – Data Science / AI-ML

About Us

AI Logic Neural Network Pvt Ltd is an AI-driven technology company specializing in Machine Learning, Natural Language Processing (NLP), Language Management Systems, and Interpreter Management Solutions. We are looking for enthusiastic and passionate Python Interns who are eager to build real-world AI and Data Science solutions.

Position Details

Job Title: Python Intern – Data Science / AI-ML

Location:

2nd Floor, Ravi Enclave, Karanam Krest, Kondapur, Hyderabad, Telangana – 500084

Key Responsibilities

- Develop and maintain Python-based applications and scripts.
- Work on Data Science, Machine Learning, and AI-related projects.
- Perform data collection, cleaning, preprocessing, and analysis.
- Assist in building, testing, and optimizing machine learning models.
- Collaborate with team members on real-time AI solutions.
- Write clean, efficient, and scalable Python code.
- Participate in technical discussions, code reviews, and project documentation.

Required Skills

- Strong knowledge of Python programming.
- Good understanding of Object-Oriented Programming (OOPs).
- Knowledge of Data Structures and Algorithms.
- Strong analytical, logical reasoning, and problem-solving skills.
- Basic understanding of Data Science, Machine Learning, and AI concepts.
- Ability to learn quickly and work in a team environment.

Preferred Skills

- Familiarity with Pandas, NumPy, Matplotlib, and Scikit-learn.
- Exposure to Machine Learning projects or academic coursework.
- Knowledge of data analysis and visualization techniques.

Eligibility Criteria

- Freshers or recent graduates from B.Tech, M.Tech, related disciplines.
- 2027 pass-out candidates are eligible.
- Strong passion for Artificial Intelligence, Machine Learning, and Data Science.

Internship Benefits

- Hands-on experience with real-world AI/ML projects.
- Mentorship from experienced professionals.
- Opportunity to enhance technical and problem-solving skills.
- Potential full-time employment opportunity based on performance, technical skills, and organizational requirements..
